

Corporate Profile

Wisitech is your reliable digital solutions partner helping you to succeed in your online venture.

For 18+ years we at Wisitech ([click here](#) for our website) have been providing cutting edge, innovative solutions to meet our client's complete web and app requirements. We conceptualize, develop and market their online presence – all under one roof. With offices in USA, Canada and India we service companies across the world – North America, Europe, Asia and Australia.

We develop tailor made web/app solutions as per our client's requirement consisting of:

-  **Design** The best suited design with carefully chosen colors and layout.
-  **Programming** Bug-free, quality tested programming and optimized database.
-  **Apps** Full featured native Android and iOS apps.
-  **Usability** Website/web applications/mobile apps is easy to use with no ambiguity.
-  **Content** Keyword enriched content with SEO tags that talk to your prospective customers.
-  **Digital Marketing** Comprehensive digital marketing, SEO and SEM helping our clients to create a buzz online and generate online sales ensuring positive ROI.

The Wisitech Advantage

1. At Wisitech InfoSolutions Pvt. Ltd. we are a full service digital solutions agency with **18+ years of experience** in ecommerce, web, app development and digital marketing solutions. We have **270+ years of collective experience**
2. We are **ThinkQuest Gold Award Winner** in the year 2000. ThinkQuest was considered to be the **Olympics of website development**. In that particular year 4,000 teams from 180 countries had taken part of which 24 teams reached the finals held in Geneva, Switzerland. We at Wisitech were the **only team from India to reach the finals** that year.
3. Our **end-to-end digital solutions** include – market research, positioning & branding, content development, web/app design & development, quality assurance testing and digital marketing – unlike most other companies who give piecemeal solutions
4. We have **600+ clients worldwide** and a remarkable **92% repeat orders**. Our **clients include startups, Fortune 500 companies** (Samsung, Castrol, LG, Lenovo to name a few) and everything in between
5. We have **offices** in Beverly Hills, CA, USA; Oshawa, Canada, besides our development center in New Delhi, India
6. We understand client requirements; do in-depth project requirement analysis and market research. We give solutions that **help our clients take their digital presence to the next level**
7. Wisitech banks on its **highly competent and dedicated team** of market researchers, marketers, designers, developers, quality assurance experts, copy writers and digital marketing experts to deliver best quality work and assured results
8. We have well developed processes and systems to ensure **fast turnaround and strict adherence to deadlines**.
