Learning app

Description

COMMON CORE READING STANDARDS

Alphabet Flashcards by Learning app is designed with the latest Common Core Reading Standards, building blocks required for any child at the Kindergarten grade level. This kid-friendly app explores each letter of the alphabet with audio (phonics) and visuals to enforce how the letter is spoken. With interaction built into the letters the child experiences cute animations that relate to a specific letter. The child can continue to interact with that item to experience more fun animations and sound effects. This app is the perfect companion to any child at the Kindergarten grade level in public, private, or home school
