# “” Testimonials

“

The Clavax team is very skilled at what they do. They definitely have the know-how approach and they're able to develop complex projects.

”

— Chief Technology Officer, Aerospace Company

“

Clavax performed very well. We have direct access to a project manager, and we also have direct access to the team members who are doing the job, which helps speeds up communication.... Their honesty and determination to keep their customers satisfied sets them apart.

”

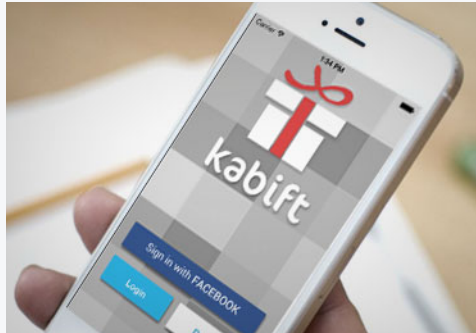

— CEO, Bookfari (Online Book Retailer)

## Eventfo

Eventfo is an integrated website and phone application that allows event organizers to display all forms of event information including date, time, and location. The Eventfo application provides users with instant access to all event information, anywhere, anytime. Whether you are seeking event schedules, venue maps or accessing your own customized event schedule, Eventfo will take you there!

# Case Studies

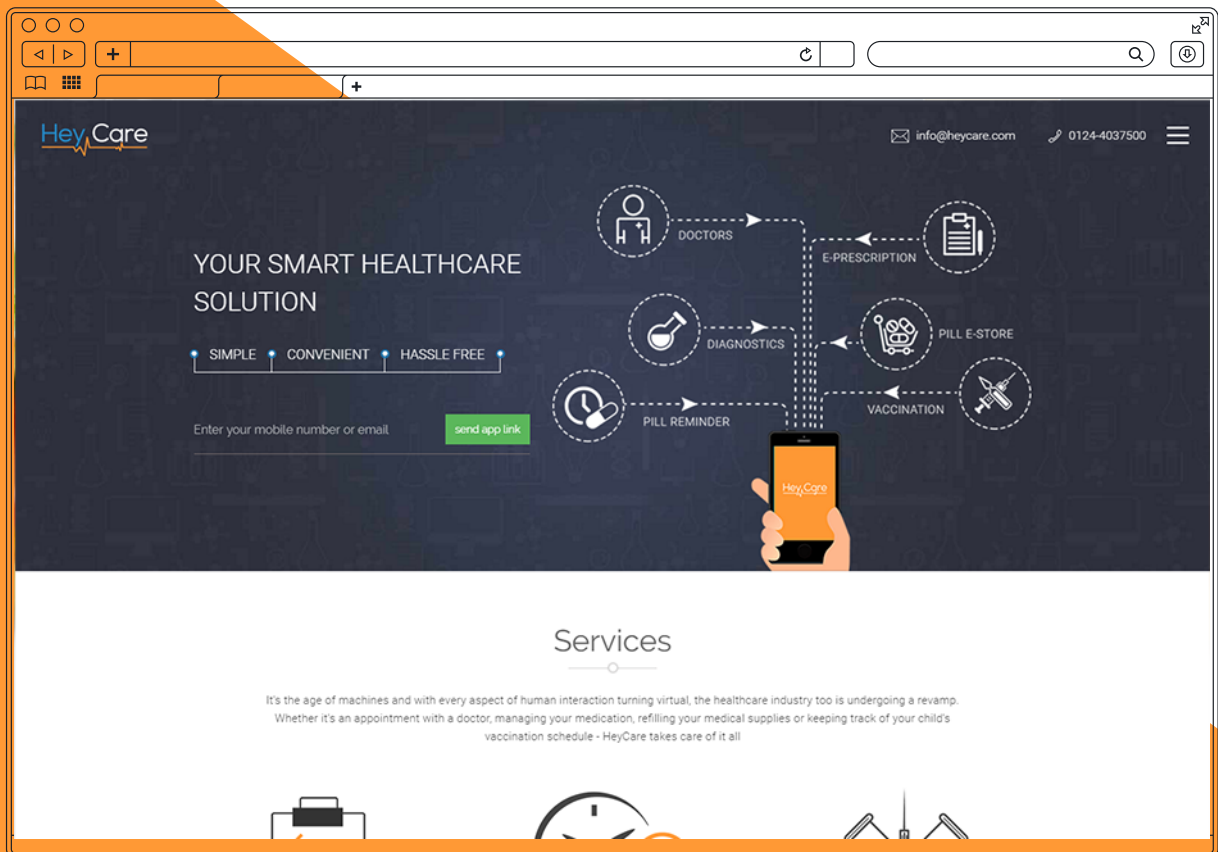

## eCater

eCater is designed to create a simple fast and efficient system for customers to order their day to day restaurant home delivery or corporate catering directly from their local restaurant, cafe or caterer. Apart from the regular home delivery, surveys tell us that over 80% of office staff now prefer to order online as it gives them a more accountable system, instant tax invoice and also provides the ability to browse and select at their own time and pace. This is where eCater comes in; it assists cafes by publishing their online menus, allowing cafe owners to adjust items and prices themselves if they wish, the system then allows customers to view all menus online and process orders 24x7.

With LearnThatLook, users can search for a look, brands or products by creating a profile on the application. The users can access their profiles by registering themselves or logging in using their Facebook, Google Plus or Pinterest accounts. They can also search for information by entering data about their looks, complexion, skin type, preferred brands, etc. Additionally, the users of this application can also access, rate and bookmark videos, upload pictures and share their activity on the forum.

# “” Testimonials

“

Clavax didn't require me to go through a project manager. I was able to work with the developer directly, which because of the language barrier, is not always the case. In Clavax's case, I was able to work with our developer directly, which was very helpful.

”

— Engineer, Electronics Manufacturer

“

What I like is that Clavax has a good pool of people who can work on a project... They are flexible in dedicating resources as needed and coming up with solutions to fit our needs.

”

— Email Marketer, Sam Media  
(Lead Generation Service)

“

Clavax delivered an excellent service. They have excellent communication and teamwork. I'm in touch with them almost on a daily basis since we started the project... They are very responsive.

”

— Co-CEO, B2B Marketplace

“

Clavax's communication was very good, even though they were overseas. They answered to all of our needs and to the changes that we wanted to make. We worked with them for several months, and they were very patient with us.

”

— Quality Manager, Dynasty  
Electronic Company  
(Electronics Manufacturer)
