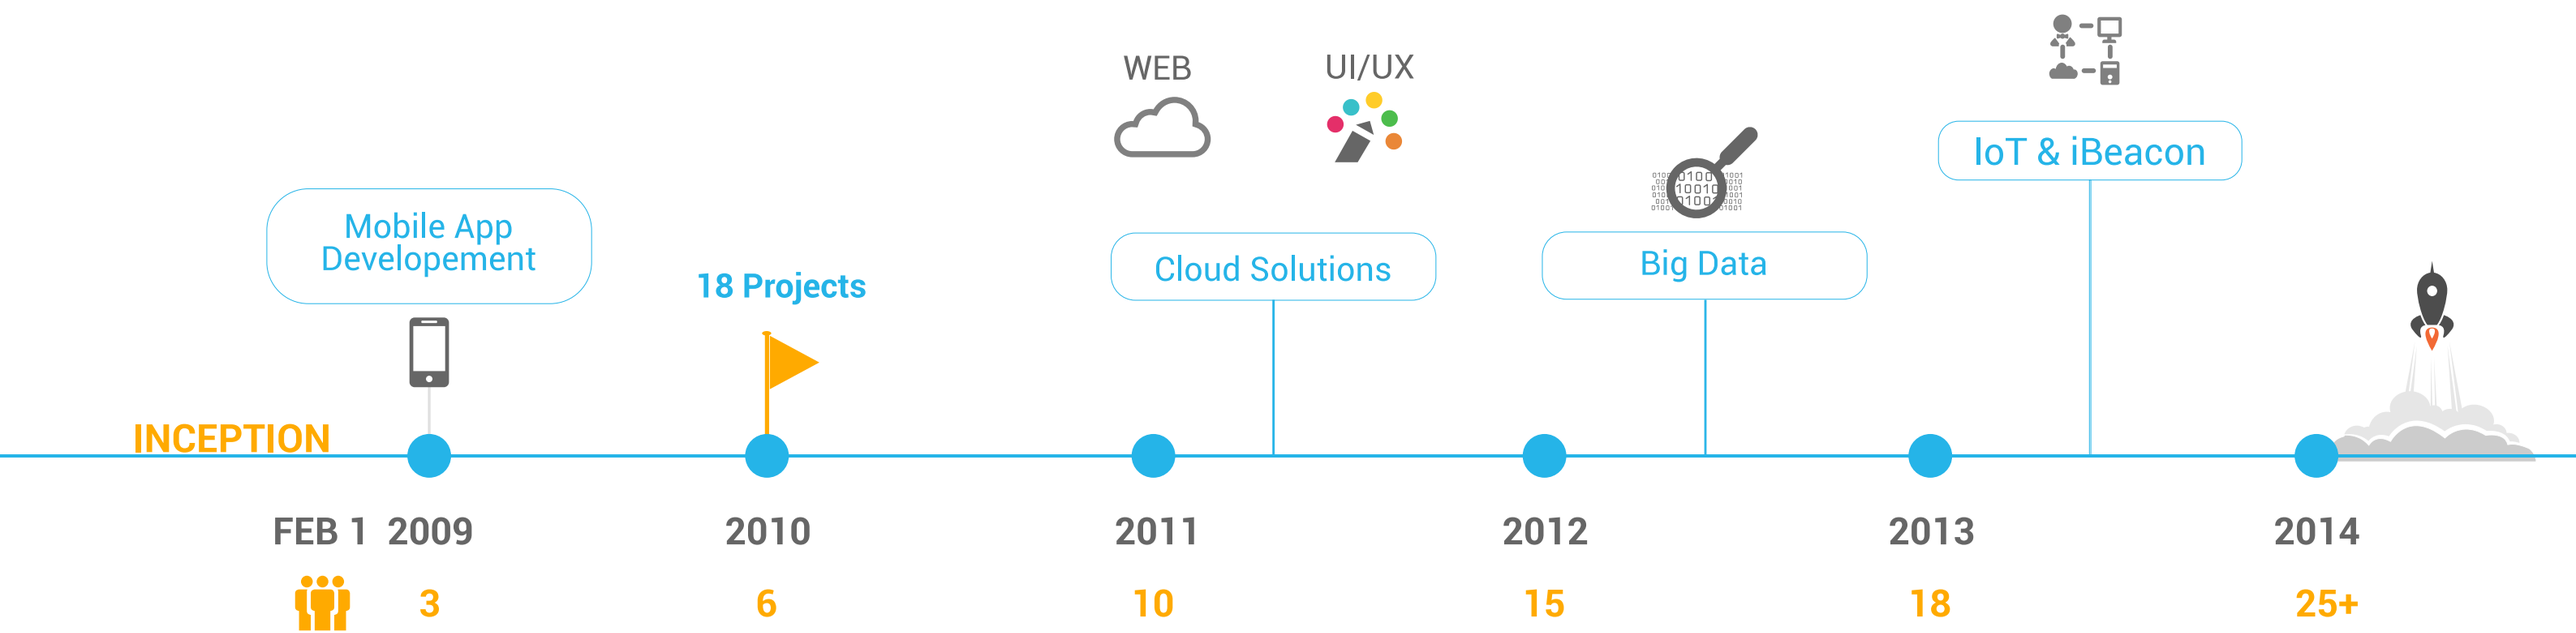
Simplify Cloud, Amplify Mobile

iauro is a team of young, dynamic, passionate technologists who want to create a ding in the universe. We solve problems using our technology-business mapping knowledge.

How we have grown



We create experiences

We take client one-liner project ideas and execute them into full fledged working technology solutions

Mobile

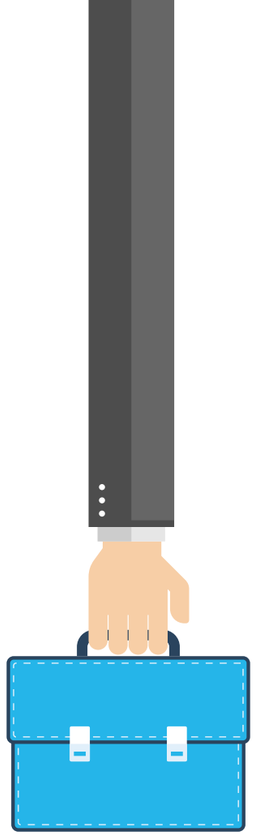
Cloud

IoT
(Internet of Things)

BigData &
Data Analytics

Wearables

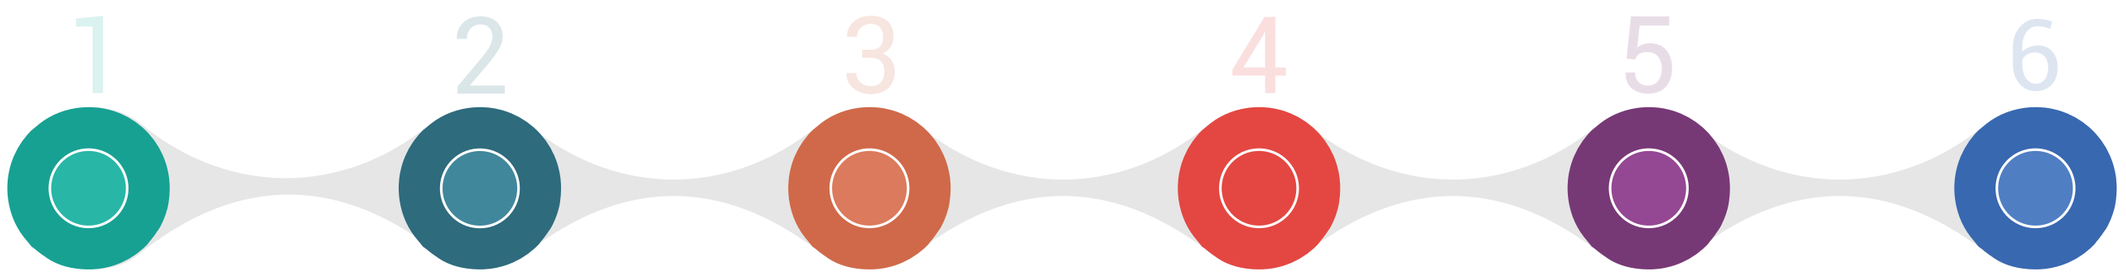
iauro



How we help clients

- Idea prototyping using latest technologies like IoT, Wearables, Data Analytics, etc
- Mobile application feasibility and technology preferences
- Create complete mobile + cloud experience
- Capturing, storing and processing BigData
- Transforming existing SQL solution into NoSQL solution
- Usability and User Experience

Project Process



Our Work

Mobile | Cloud | BigData | IoT
